A little drabble in between.

„I'm finished with you, James."

"Larsie ...!"

"No more 'Larsie'! You're cheating and lying on me since years. I've enough, and that's final."

"I never lied ... I swear!"

"I'm not interested." Lars gave James an icy look. "Get your shit and LEAVE!"

James hung his head and left without a word.

"Well done!" Kirk now entered the hall, kissing Lars, then smiled. "He's so clueless!"

Around the corner, Jason already waited, smiling. James grabbed at him, drawing him close for a kiss.

"Mmmhhh," he sighed.

"And he still doesn't know about us?" Jason asked, grinning.

"He has no clue!"
